

What do I do next?

- PEP is an emergency medication that must be taken for 28 days. You **must** start PEP within 72 hours for it to be effective.
- You were started on PEP during your visit at Harbor-UCLA Emergency Department today, but **MUST follow-up with your primary care doctor or one the PEP Centers below** for the full 28 day prescription and subsequent testing.

PEP Centers

During normal business hours, you can get PEP **regardless of your health insurance** at the following locations:

Additional Information during normal business hours:

- The Los Angeles Gay and Lesbian Center in Hollywood - 323-993-7500 can also provide assistance.
- For more information call the LA County PEP warmline - 1-844-YEA-PREP
 - **Note**, the phone numbers will only be answered during regular business hours, so if you are concerned about a possible HIV exposure, go directly to your medical provider or the emergency room.
